RESPONSE TO NOTICE OF ABANDONMENT

Dear Sir:

In response to the Notice of Abandonment dated August 6, 2004 for failure to timely file a proper reply to the Office Action mailed January 22, 2004, Applicant respectfully requests the Abandonment to be withdrawn.

Applicant respectfully requests the Notice of Abandonment to be withdrawn without cost to applicant because applicant never received the Office Action from the United States Patent & Trademark Office. Attached is a Declaration signed by Tracey Belanger, the Docketing Administrator from Carlson, Gaskey & Olds, stating that the Office Action was never received by Carlson, Gaskey & Olds.

A Non-Final Restriction Requirement was mailed to applicant on September 23, 2003, and applicant filed a response to this action on October 21, 2003. As discussed above, applicant did not receive any further correspondence from the United States Patent & Trademark Office for this

application. Thus, applicant requests that abandonment be withdrawn. A response to the Office Action dated January 22, 2004 is enclosed herewith.

I questioned Tracey Belanger to determine whether or not we had received the Office Action. She informed me that she had not received any correspondence from the United States Patent & Trademark Office for an Office Action in the subject application and that our docketing system did not have any Response due date for the subject application. A copy of Ms. Belanger's declaration is attached as Appendix A.

I personally searched the file jacket and my own docketing records. I did not find a copy of the Office Action dated January 22, 2004 in the file jacket. I also do not find any entry on my docket indicating that a response to an office action for the above referenced application was due.

On August 5, 2004, I requested a copy of the Office Action dated January 22, 2004 from the United States Patent & Trademark Office. A copy of the request is attached as Appendix B. On August 9, 2004, I obtained a copy of the Office Action dated January 22, 2004 on-line from PAIR.

Enclosed as Appendix C is a record of all docketing actions for ArvinMeritor 60130-1369, printed on August 10, 2004. The last action received from the United States Patent & Trademark Office is the Restriction Requirement mailed on September 23, 2003.

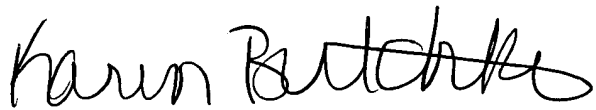

A Docket Report for Carlson, Gaskey & Olds from April 8, 2004 to May 6, 2004 is also attached as Appendix D. There is no response due date for ArvinMeritor Automotive 60130-1369 on April 22, 2004.

It is believed that the above statements and evidence attached in Appendices A-D meet all of the requirements to establish non-receipt of an Office Communication.

If, however, the abandonment is held proper, applicant hereby petitions for revival of this unintentionally abandoned application. The petition fee for reviving the unintentionally abandoned applicant may be charged to deposit account no. 50-1482 in the name of Carlson, Gaskey & Olds. A copy of a signed Fee Transmittal and formal drawings along with a check to pay the issue fee are enclosed herewith. Since this application was filed on or after June 8, 1995 no terminal disclaimer is required. The entire delay in filing the required replay from the due date for the required replay until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.

Notably a response to the Office Action is filed concurrently. It is believed the above constitutes a complete response to the Notification of Abandonment.

Respectfully submitted,
